

Employee in Window Production - Weimar GmbH (m/f/x)

Location: Lotte

Working Hours: Full-time employee

Founded in 1948 by master shutter and blind maker Heinrich Weimar, the company is the European specialist for windows and doors in the container industry. ELA Container has been sourcing Weimar products since the 1990s, initially via intermediaries. Since 2003, Weimar GmbH has been producing both windows and window accessories, such as external blinds, directly for ELA. In the early 2000s, the development of the best-selling product, the interchangeable frame element, began. Since January 2021, Weimar GmbH has been part of the ELA Container Group, but continues to operate under the name Weimar GmbH. Further information about the company can be found at <https://www.weimar-gmbh.de/>.
