

## Lead Discipline Engineer Electro (m/f/x) - ELA Container Offshore

Location: Haren

Working Hours: Full-time employee

1,400 employees in 24 locations around the world with a fleet of 60,000+ circulating containers. Since ELA's establishment in 1972, our business has continuously been expanding, we are specialists in mobile room solutions. Our family-run company based in Haren (Ems), Germany, is growing at a fast pace and we are actively looking for qualified and dedicated team players to join us locally, internationally and beyond.

Shape the future of electrical engineering - from the initial idea to perfect implementation, with your expertise and passion for innovation!

We are currently looking for an **Lead Discipline Engineer Electro** (m/f/x) in the field of development / design for ELA Container Offshore GmbH.

You can find more information about the company at the following link <https://www.ela-offshore.com/de>.

You are a person with your own personal profile of qualifications, talents and desires. And we are not like any other company. We offer exciting tasks, opportunities for further development and a relaxed, informal culture. Interested? Then we should get to know each other better.

### Your Future Role

---

- + Independent project management as well as coordination and leadership of project participants
- + Determining product requirements based on customer requirements and standards
- + Recruitment and monitoring of suppliers as well as planning and assembly companies
- + Organization of engineering and procurement services as well as installation supervision
- + Independent and active participation in projects from brainstorming and concept development to the realization, testing and acceptance of electrotechnical components
- + Selecting devices and systems and defining project standards

[Video Application](#)

- + Implementation and monitoring of company-wide technical standards
- + Monitoring compliance with safety specifications, deadlines, costs, quality and scope of work

## What You bring to the Team

---

- + Successfully completed studies in the field of electrical engineering or comparable qualification
- + Experience in electrical engineering, with a focus on low-voltage systems
- + Basic management skills in leading internal employees and external service providers
- + Initial project management experience in the shipbuilding environment or offshore sector desirable
- + Planning and structured working style
- + Strong communication and teamwork skills
- + Good written and spoken German and English skills

## What you can expect from us

---

- + We can help you with **emergency childcare**
- + We'd like for you to continue **developing**, which is why we support your personal development with a tailored range of options
- + Once ELA, always ELA. When you join our company, we want you to be a key member of the team, which is why we'll offer you a **permanent contract**
- + The ELA **Corporate Benefits** portal offers attractive discounts on more than 1,500 brands from all relevant areas of life
- + We offer you **flexible working hours** and the opportunity to work flextime
- + Our **company fitness program**: for just €25 a month, you can have access to thousands of gyms, swimming pools, and more throughout Germany, including unrestricted digital access
- + With us, you can expect **flat hierarchies** and short decision-making processes
- + We want you to be optimistic about the future, which is why we support you with our **company retirement plans** and capital-forming benefits for your financial security
- + Your health matters to us, which is why we offer you **height-adjustable desks** in every office
- + Our **company restaurant** serves up fresh, delicious lunches on a daily basis
- + You have the option to work up to **60% of your week from home**
- + There's no need to part ways with your four-legged friend at ELA, as you can simply bring your **dog** with you into the office if the situation allows

## How You can apply

---

Please send your documents via our career website <https://career.ela-container.com> or via email [career@ela-container.com](mailto:career@ela-container.com) including your CV, your essential certificates and qualifications, as well as a few lines about yourself and why we fit. We would then like to meet and have a personal conversation with you. We look forward to hear from you!
