

## Lead Discipline Engineer Electro (m/f/x) - ELA Container Offshore

Location: Haren

Working Hours: Full-time employee

1,400 employees in 24 locations around the world with a fleet of 60,000+ circulating containers. Since ELA's establishment in 1972, our business has continuously been expanding, we are specialists in mobile room solutions. Our family-run company based in Haren (Ems), Germany, is growing at a fast pace and we are actively looking for qualified and dedicated team players to join us locally, internationally and beyond.

Shape the future of electrical engineering - from the initial idea to perfect implementation, with your expertise and passion for innovation!

We are currently looking for an **Lead Discipline Engineer Electro** (m/f/x) in the field of development / design for ELA Container Offshore GmbH.

You can find more information about the company at the following link <https://www.ela-offshore.com/de>.

You are a person with your own personal profile of qualifications, talents and desires. And we are not like any other company. We offer exciting tasks, opportunities for further development and a relaxed, informal culture. Interested? Then we should get to know each other better.

### Your Future Role

---

- + Independent project management as well as coordination and leadership of project participants
- + Determining product requirements based on customer requirements and standards
- + Recruitment and monitoring of suppliers as well as planning and assembly companies
- + Organization of engineering and procurement services as well as installation supervision
- + Independent and active participation in projects from brainstorming and concept development to the realization, testing and acceptance of electrotechnical components
- + Selecting devices and systems and defining project standards

Apply Online

Video Application

- + Implementation and monitoring of company-wide technical standards
- + Monitoring compliance with safety specifications, deadlines, costs, quality and scope of work

## What You bring to the Team

---

- + Successfully completed studies in the field of electrical engineering or comparable qualification
- + Experience in electrical engineering, with a focus on low-voltage systems
- + Basic management skills in leading internal employees and external service providers
- + Initial project management experience in the shipbuilding environment or offshore sector desirable
- + Planning and structured working style
- + Strong communication and teamwork skills
- + Good written and spoken German and English skills

## What you can expect from us

---

- + We can help you with **emergency childcare**
- + We'd like for you to continue **developing**, which is why we support your personal development with a tailored range of options
- + Once ELA, always ELA. When you join our company, we want you to be a key member of the team, which is why we'll offer you a **permanent contract**
- + The ELA **Corporate Benefits** portal offers attractive discounts on more than 1,500 brands from all relevant areas of life
- + We offer you **flexible working hours** and the opportunity to work flextime
- + Our **company fitness program**: for just €25 a month, you can have access to thousands of gyms, swimming pools, and more throughout Germany, including unrestricted digital access
- + With us, you can expect **flat hierarchies** and short decision-making processes
- + We want you to be optimistic about the future, which is why we support you with our **company retirement plans** and capital-forming benefits for your financial security
- + Your health matters to us, which is why we offer you **height-adjustable desks** in every office
- + Our **company restaurant** serves up fresh, delicious lunches on a daily basis
- + You have the option to work up to **60% of your week from home**
- + There's no need to part ways with your four-legged friend at ELA, as you can simply bring your **dog** with you into the office if the situation allows

## How you can apply

---

Please send your documents via our career website ([career.ela-container.com](https://career.ela-container.com)) or via email ([career@ela-container.com](mailto:career@ela-container.com)) including your CV, your essential certificates and qualifications, as well as a few lines about yourself and why we fit. We would then like to meet and have a personal conversation with you. We look forward to hear from you!

## What we do at ELA Container Offshore

---

ELA Container Offshore GmbH was founded in 2014 and is a member of the ELA Container Group. We see ourselves as a service provider for all conceivable mobile space solutions in container form for the entire offshore market. With over 800 offshore container units, ELA Container Offshore operates a large fleet of standardized rental containers as well as the corresponding accessories required by customers. In addition to living containers in the form of sleeping quarters, offices, meeting and changing rooms (with or without sanitary equipment), this also includes storage and transport or refrigerated containers, associated stairs, platforms or even functional, mobile workshop containers with a wide range of equipment. According to the motto "Flexibility on Demand", our offshore containers are available in the shortest possible time. Thanks to "Plug & Play" the integration on the ship, the platform or any other offshore facility is done quickly.
