

Architect (m/f/x)

Location: Haren

Working Hours: Full-time employee

1,400 employees in 24 locations around the world with a fleet of 60,000+ circulating containers. Since ELA's establishment in 1972, our business has continuously been expanding, we are specialists in mobile room solutions. Our family-run company based in Haren (Ems), Germany, is growing at a fast pace and we are actively looking for qualified and dedicated team players to join us locally, internationally and beyond.

Architecture meets innovation - shape the future of modular construction with us!

ELA Container is building up its expertise in the field of architecture - and you can be part of it right from the start. In the newly created position of **Architect (m/f/x)**, you will develop sophisticated concepts for modular space solutions and accompany projects from the initial idea through to realisation. The focus is on sustainability, functionality and building law safety - just like your creative freedom

You are a person with your own personal profile of qualifications, talents and desires. And we are not a company like any other. We offer exciting tasks, opportunities for further development and a relaxed, informal culture. Interested? Then we should get to know each other better.

Your Future Role

- + Development of innovative architectural concepts taking into account building law, fire protection and sustainability
- + Preparation of plans in CAD/BIM (design, approval, execution)
- + Coordination with specialist planners (e.g. structural engineering, fire protection, technical building services) and coordination of approval-relevant documents
- + Support with building application procedures, especially for large-scale projects
- + Participation in the further development of modular type solutions and our modular system
- + Support with feasibility studies and strategic site and project development

What You Bring to the Team

- + Successfully completed Master's degree in architecture at a university of applied sciences or university
- + Ideally experience in modular construction or room cell construction
Confident handling of CAD (e.g. AutoCAD, Revit)
- + Knowledge of building regulations and approval procedures
- + Structured, independent way of working with team spirit
- + Ability to work in a team and strong communication skills
- + Creativity paired with technical understanding and strong communication skills

What you can expect from ELA

- + Once ELA, always ELA. When you join our company, we want you to be a key member of the team, which is why we'll offer you a **permanent contract**
- + We offer you **flexible working hours** and the opportunity to work flextime
- + We organize an extensive **onboarding program** for you at our headquarters in Haren (Ems), so that you can get to know the entire company, our products, and our employees
- + We offer you fresh **fruit and beverages** every day
- + We offer you regular **massage appointments** with our in-house physiotherapist
- + Our **company fitness program**: for just €25 a month, you can have access to thousands of gyms, swimming pools, and more throughout Germany, including unrestricted digital access
- + We'd like for you to continue **developing**, which is why we support your personal development with a tailored range of options
- + We want you to be optimistic about the future, which is why we support you with our **company retirement plans** and capital-forming benefits for your financial security
- + Our **company restaurant** serves up fresh, delicious lunches on a daily basis
- + With us, you can expect **flat hierarchies** and short decision-making processes
- + We can help you with **emergency childcare**
- + There's no need to part ways with your four-legged friend at ELA, as you can simply bring your **dog** with you into the office if the situation allows

How You can apply

Please send your documents via our career website <https://career.ela-container.com> or via email career@ela-container.com including your CV, your essential certificates and qualifications, as well as a few lines about yourself and why we fit. We would then like to meet and have a personal conversation with you. We look forward to hear from you!
