

Design Engineer (m/f/x)

Location: Haren

Working Hours: Full-time employee

1,600 employees in 18 locations around the world with a fleet of 60,000+ circulating containers. Since ELA's establishment in 1972, our business has continuously been expanding, we are specialists in mobile room solutions. Our family-run company based in Haren (Ems), Germany, is growing at a fast pace and we are actively looking for qualified and dedicated team players to join us locally, internationally and beyond.

Do you love developing technical solutions and putting your ideas into practice? As a Design Engineer (m/f/d), you'll develop components and assemblies for innovative container solutions—from the initial 3D model all the way to production readiness. You'll have the opportunity to contribute your ideas, take on responsibility, and make a real difference together with your team.

Does this sound like your next job? Then apply now and become part of our team!

Your Future Role

- + Creation of technical data (e.g. drawing creation, 3D model)
- + Development, design and construction of products for container construction in the mobile rooms sector
- + Creation of design and production documents for series production and order-related documentation
- + Participation in the product development process
- + Further development of standard components according to the modular principle
- + Constructive design of mechanical assemblies
- + Responsibility for project management as well as deadline, cost and quality control

What You Bring to the Team

- + Degree in engineering with a specialization in metal construction, custom machine building, plant engineering, interior fit-out, or a comparable qualification, such as an apprenticeship as a technical product designer or technician (m/f/x)
- + Experience in steel or mechanical engineering as well as in the design of interior fittings, preferably in container, modular, or vehicle construction

- + Proficiency in 3D CAD, ideally Autodesk Inventor
- + Experience with MS Office
- + Very good knowledge of German and English

What you can expect from us

- + Once ELA, always ELA. When you join our company, we want you to be a key member of the team, which is why we'll offer you a permanent contract.
- + We organize an extensive onboarding program for you at our headquarters in Haren (Ems), so that you can get to know the entire company, our products, and our employees
- + You have the option to work up to 60% of your week from home
- + We offer you flexible working hours and the opportunity to work flextime
- + Our company restaurant provides you with a fresh breakfast every day and delicious lunch options Monday through Thursday
- + We offer you fresh fruit and beverages every day
- + We offer you regular massage appointments with our in-house physiotherapist
- + With us, you can expect flat hierarchies and short decision-making processes
- + Our company fitness program: for just €30 a month, you can have access to thousands of gyms, swimming pools, and more throughout Germany, including unrestricted digital access
- + We'd like for you to continue developing, which is why we support your personal development with a tailored range of options.
- + The ELA Corporate Benefits portal offers attractive discounts on more than 1,500 brands from all relevant areas of life
- + Expand your network at our regular employee events

How You can apply

Please send your documents via our career website <https://career.ela-container.com> or via email career@ela-container.com including your CV, your essential certificates and qualifications, as well as a few lines about yourself and why we fit. We would then like to meet and have a personal conversation with you. We look forward to hear from you!
