

Dual study programme: Business Information Systems and Sustainable IT (B.Sc.) 2027

Location: Haren

Working Hours: Work-study program

1,600 employees in 18 locations around the world with a fleet of 60,000+ circulating containers. Since ELA's establishment in 1972, our business has continuously been expanding, we are specialists in mobile room solutions. Our family-run company based in Haren (Ems), Germany, is growing at a fast pace and we are actively looking for qualified and dedicated team players to join us locally, internationally and beyond.

Are you interested in IT, digitalization, and economic concepts? Do you want to not only study but also apply your knowledge directly to real-world projects? Then start your dual degree program in **Business Informatics and Sustainable IT** at ELA.

From the very beginning, you'll actively contribute to digital solutions and learn how modern IT makes companies more efficient and future-proof. In the process, you'll gain valuable hands-on experience and develop both professionally and personally.

Does this sound like you? Then we look forward to getting to know you!

Your study at ELA

You'll be studying at **Osnabrück University of Applied Sciences—Lingen Campus**. Theoretical and practical phases alternate in a block schedule, allowing you to apply what you've learned directly here with us.

During your practical phases, you'll work in various departments and help further develop our digital processes.

What You'll Learn with Us

Over the course of your studies, you'll take on increasing responsibility and work on topics such as:

- + Collaborating on exciting IT and digitalization projects
- + Analyzing and optimizing business processes

[Apply Online](#)

[Video Application](#)

- + Planning, developing, and maintaining modern information and communication systems
- + Gaining insights into our IT and business departments, such as purchasing or sales
- + Collaboration in cross-functional project teams
- + Development of sustainable and future-oriented IT solutions

Location: Osnabrück University of Applied Sciences – Lingen Campus

Standard duration of study: 3 years (6 semesters)

Lectures in a block schedule

Bachelor's thesis on a practical topic from our company

Your advantage at ELA

In addition to your studies, you'll complete an IHK apprenticeship. You can choose from the following apprenticeship programs:

Industrial Business Administrator (m/f/x)

IT Specialist for System Integration (m/f/x)

IT Specialist for Application Development (m/f/x)

IT Specialist for Data and Process Analysis (m/f/x)

What You Bring to the Team

- + General or subject-linked higher education entrance qualification
- + Good performance in mathematics, German and English
- + Very good PC skills and interest in new information technologies
- + Interest in and understanding of (IT) technical and business processes and interrelationships
- + Good ability to think abstractly and analytically
- + Ability to communicate and work in a team
- + Very good knowledge of German and good written and spoken English

What you can expect from us

- + **Uncomplicated interaction** with each other and a wide range of opportunities to contribute your own ideas.
- + Our **more than 40 employed trainees** and integrated degree students will simplify the start to your career life and are always available to answer any questions you may have.
- + Your **chances of being hired are very good** once you've completed your training.
- + In addition to your work, you also have the opportunity to experience **exciting trainee** events and projects.
- + Our **company fitness program**: for just € 30 a month, you can have access to thousands of gyms, swimming pools, and more throughout Germany, including unrestricted digital access.
- + The **ELA Corporate Benefits** portal gives you attractive discount offers from over 1,500 brands from all relevant areas of life.
- + Your health matters to us, which is why we offer you **height-adjustable desks** in every office.
- + We offer you **fresh fruit and beverages** every day.
- + There's no need to part ways with your four-legged friend at ELA, as you can

simply **bring your dog with you** into the office if the situation allows

How You can apply

Apply easily through our applicant portal. Simply upload your resume and your two most recent school transcripts there.

It's important to us that you don't have to wait long for a response. That's why you'll usually receive a personal response from us within a week. You can find more information about the application process on our careers page.

We look forward to hearing from you!
