

## Electrical Project Manager – Energy and Building Services Engineering (m/f/x)

Location: Haren

Working Hours: Full-time employee

1,400 employees. 24 locations worldwide. 60,000 containers in circulation. We have been growing steadily since our foundation in 1972. We specialise in mobile space solutions in container construction. Our family-run company is growing dynamically, which is why we are constantly looking for qualified, friendly and team-minded employees in all areas worldwide.

Shape the future of modular building technology with us as an Electrical Project Manager – Energy and Building Services Engineering (m/f/x)! Take on exciting responsibilities in efficient planning, standards-compliant implementation, and sustainable solutions. Become part of our team at the Eurohafen site in Haren/Hüntel (Hünteler Str. 30). Here, the required container frames are produced automatically with the help of robot technology and the industrial series production of our mobile room solutions in container construction is driven forward.

We offer exciting tasks, opportunities for further development and a relaxed muin culture. Interested? Then we should get to know each other better.
