

## Dual study programme: Business Information Systems and Sustainable IT (B.Sc.) 2026

Location: Haren

Working Hours: Work-study program

1,400 employees in 24 locations around the world with a fleet of 60,000+ circulating containers. Since ELA's establishment in 1972, our business has continuously been expanding, we are specialists in mobile room solutions. Our family-run company based in Haren (Ems), Germany, is growing at a fast pace and we are actively looking for qualified and dedicated team players to join us locally, internationally and beyond.

You are at the beginning of your professional life with your knowledge, talents and wishes. At ELA, you can expect a varied dual study programme where it is important to us that you get to know different areas, because we want to develop you and your strengths. Interested? Then we should get to know each other better.

### Your study at ELA

[Apply Online](#)

In the Bachelor of Science Business Information Systems degree programme, you learn to analyse complex organisational problems in business and administrative practice and to solve them with the help of information technology. In detail, this means that you can design and implement extensive business information systems, advise and support companies in information technology issues and solve problems successfully and performance-oriented as a project employee.

[Video Application](#)

Your central tasks include the planning, development and operation of information and communication systems. These systems have become indispensable in today's companies and form the basis for the efficient and profitable work of practically all employees. Thus, you play a key role in the economic success of many companies.

- ⊕ You study at the Osnabrück University of Applied Sciences at the Lingen campus.
- ⊕ The standard period of study is three years (six semesters).
- ⊕ Your lectures will be held in blocks
- ⊕ During your practical phases in the company, you will get to know areas such as the IT department or commercial departments such as sales or purchasing.

- + Your Bachelor's thesis will deal with a topic within the company and examine it on a scientific basis.
- + You have the opportunity to take an apprenticeship at the Chamber of Industry and Commerce (IHK) integrated into your studies and have the free choice with us: integration of the apprenticeship as an industrial clerk (m/f/x) or the apprenticeship as an IT specialist with the specialisations system integration, application development or data and process analysis (m/f/x).

## What you should bring with you

---

- + General or subject-linked higher education entrance qualification
- + Good performance in mathematics, German and English
- + Very good PC skills and interest in new information technologies
- + Interest in and understanding of (IT) technical and business processes and interrelationships
- + Good ability to think abstractly and analytically
- + Ability to communicate and work in a team
- + Very good knowledge of German and good written and spoken English

## What you can expect from us

---

- + **Uncomplicated interaction** with each other and a wide range of opportunities to contribute your own ideas.
- + Our **more than 40 employed trainees** and integrated degree students will simplify the start to your career life and are always available to answer any questions you may have.
- + Your **chances of being hired are very good** once you've completed your training.
- + In addition to your work, you also have the opportunity to experience **exciting trainee** events and projects.
- + Our **company fitness program**: for just € 30 a month, you can have access to thousands of gyms, swimming pools, and more throughout Germany, including unrestricted digital access.
- + The **ELA Corporate Benefits** portal gives you attractive discount offers from over 1,500 brands from all relevant areas of life.
- + Your health matters to us, which is why we offer you **height-adjustable desks** in every office.
- + We offer you **fresh fruit and beverages** every day.
- + There's no need to part ways with your four-legged friend at ELA, as you can simply **bring your dog with you** into the office if the situation allows

## How You can apply

---

### Information on the application process

- + If you apply for an apprenticeship or dual study programme with us, you will receive feedback from us by email in the month of your application, at the latest within four weeks. This will inform you whether we will invite you to an initial personal meeting.
- + This introductory meeting usually takes place in the form of a group interview at our

headquarters in Haren (Ems). There you will also receive more information about training at ELA.

### **It's so easy to apply**

The best way to apply is to send your documents directly via our career portal at <https://career.el-a-container.com/> or by email to [career@ela-container.com](mailto:career@ela-container.com). Please include your CV and the most important certificates and qualifications. We are also interested in what makes you special, why we are a good fit and how you became aware of us. An initial personal meeting takes place in the form of a group discussion.

We look forward to hearing from you!
