

## Apprenticeship as IT specialist for application development 2025 (m/f/x)

Location: Haren

Working Hours: Apprenticeship

1,400 employees in 24 locations around the world with a fleet of 60,000+ circulating containers. Since ELA's establishment in 1972, our business has continuously been expanding, we are specialists in mobile room solutions. Our family-run company based in Haren (Ems), Germany, is growing at a fast pace and we are actively looking for qualified and dedicated team players to join us locally, internationally and beyond.

You are at the beginning of your professional life with your knowledge, talents and wishes. At ELA, you will receive varied apprenticeship in which it is important to us that you get to know different areas, because we want to develop you and your strengths. Are you interested? Then we should get to know each other better.

### Your apprenticeship at ELA

---

Our IT team consists of about 50 employees. You will work on IT tasks and projects together with your colleagues. During your 3-year apprenticeship, you will get to know various areas of IT, such as IT helpdesk, IT software development or IT application management.

IT specialists specialising in application development develop and programme customer-specific software applications. You create new individual software or test existing applications, adapt them and develop application-oriented user interfaces. You use programming languages and tools such as developer tools for your work. You also take on tasks in project planning and control. In addition, you troubleshoot with the help of expert and diagnostic systems.
