## **Apprenticeship as a Technical System Planner, Specialising in Steel and Metal Construction Technology 2025 (m/f/d)**

Location: Haren

Working Hours: Apprenticeship

1,400 employees in 24 locations around the world with a fleet of 60,000+ circulating containers. Since ELA's establishment in 1972, our business has continuously been expanding, we are specialists in mobile room solutions. Our family-run company based in Haren (Ems), Germany, is growing at a fast pace and we are actively looking for qualified and dedicated team players to join us locally, internationally and beyond.

You are at the beginning of your professional life with your knowledge, talents and wishes. At ELA, you will receive varied apprenticeship in which it is important to us that you get to know different areas, because we want to develop you and your strengths. Are you interested? Then we should get to know each other better.

### **Your apprenticeship at ELA**

---

Technical system planners specialising in steel and metal construction technology produce drawings and technical documents for steel and metal buildings. You usually work on the computer with the help of CAD systems. Based on specifications from the development or design department, you produce general drawings for metal constructions such as bridges, gates, windows and facades or detailed plans for the production of all individual parts of a crane.

For example, you depict objects in their details or in assembled condition from different perspectives. In doing so, you observe the relevant drawing standards and enter appropriate dimensions for production and assembly. You will also prepare project documentation.

During your 3,5-year apprenticeship, you will get to know our CAD department, our research & development and the special construction of ELA containers at ELA Container Engineering GmbH.

- + There's no need to part ways with your four-legged friend at ELA, as you can simply **bring your dog with you** into the office if the situation allows

## How You can apply

---

### Information on the application procedure

- + If you apply for an apprenticeship with us, you will receive feedback from us by e-mail in the month of your application, at the latest within four weeks. This will inform you whether we will invite you to an initial personal meeting.
- + These meetings usually take the form of individual interviews at our head office in Haren (Ems). There you will also receive more detailed information about training at ELA.

### How You can apply

To apply, please send your documents directly via our **career portal** at <https://career.ela-container.com> or by **email** to [career@ela-container.com](mailto:career@ela-container.com). Please include your CV and the most important certificates and qualifications. We are also interested in what makes you special, why we are a good fit and how you became aware of us. A personal interview is the best way for us to get to know each other.

We look forward to hearing from you!
