

Operational Project Manager (m/f/x)

Location: Haren

Working Hours: Full-time employee

1,400 employees in 24 locations around the world with a fleet of 60,000+ circulating containers. Since ELA's establishment in 1972, our business has continuously been expanding, we are specialists in mobile room solutions. Our family-run company based in Haren (Ems), Germany, is growing at a fast pace and we are actively looking for qualified and dedicated team players to join us locally, internationally and beyond.

We are currently looking for an **Operational Project Manager** (m/f/x).

Do you want to actively help shape challenging projects and enjoy taking on responsibility? In our Operational Projects department, you will accompany technical construction projects from A to Z: you will coordinate the construction site, provide support with planning, calculate building services, oversee the awarding processes and also be the contact person for our customers during the warranty period - always with an eye on quality, deadlines and budget.

You bring your own personal mix of experience, motivation and ideas - and that's exactly what we value. Because we are not like any other company: With us, you can expect exciting tasks, real development opportunities and an open 'Moin culture' in which we work together as equals.

Sounds like your next step? Then we look forward to getting to know you.

Your Future Role

- + Responsibility for specialist construction management in the area of operational projects, taking into account costs, deadlines, scope of services and quality
- + Coordination and control of construction sites as well as support in the planning phase
- + Support in purchasing processes for subcontracting
- + Calculation of building services and preparation of service specifications (depending on the project)
- + Participation in customer meetings and support of projects during the warranty period

What You Bring to the Team

- + Completed studies or further training as a technician or master craftsman (m/f/x) in the technical field or comparable training
- + Several years of experience in the planning and execution of projects in plant construction or project business as well as sound specialist knowledge in the construction industry
- + Comprehensive knowledge of the relevant DIN regulations
- + Very good IT skills, especially in CAD applications, Windows programmes and Microsoft Dynamics
- + Strong ability to work in a team, creativity, willingness to work across disciplines and willingness to travel

What you can expect from us

- + Once ELA, always ELA. When you join our company, we want you to be a key member of the team, which is why we'll offer you a **permanent contract**.
- + You have the option to **work up to 60% of your week from home**
- + We offer you **flexible working hours** and the opportunity to work flextime
- + Our **company restaurant** serves up fresh, delicious lunches on a daily basis
- + We offer you **fresh fruit and beverages** every day
- + We offer you regular **massage appointments** with our in-house physiotherapist
- + With us, you can expect **flat hierarchies** and short decision-making processes
- + Our **company fitness program**: for just €25 a month, you can have access to thousands of gyms, swimming pools, and more throughout Germany, including unrestricted digital access
- + We'd like for you to continue developing, which is why we support your **personal development** with a tailored range of options.
- + The **ELA Corporate Benefits** portal offers attractive discounts on more than 1,500 brands from all relevant areas of life
- + Your health matters to us, which is why we offer you **height-adjustable desks** in every office
