Apprenticeship as an electronics technician, specializing in energy and building technology 2027 (m/f/x)

Location: Haren

Working Hours: Apprenticeship

1,600 employees in 18 locations around the world with a fleet of 60,000+ circulating containers. Since ELA's establishment in 1972, our business has continuously been expanding, we are specialists in mobile room solutions. Our family-run company based in Haren (Ems), Germany, is growing at a fast pace and we are actively looking for qualified and dedicated team players to join us locally, internationally and beyond.

Are you just starting your career and looking to develop your talents and strengths? At ELA, you can expect a diverse apprenticeship where you'll get to know many different areas and discover, step by step, what suits you best. It's important to us that you grow with us and have the opportunity to develop your strengths. Sound good? Then let's get to know each other!

Your apprenticeship at ELA

Electronics technicians specialising in **energy and building technology** plan and install electrotechnical systems such as electrical power supply systems in buildings. For example, you install fuses and connections for washing machines, cookers, building control systems and data networks. You commission control and regulation equipment for heating, ventilation and air conditioning systems. To do this, you create control programmes, define parameters, measure electrical variables and test the systems. You install reception and broadband communication systems and telecommunications networks. During maintenance work, you check the electrical safety equipment, determine the causes of malfunctions and eliminate faults.

What You Bring to the Team

- + Completed school education
- + Good grades in math and physics
- + Craftsmanship and a good technical understanding

- + Initiative and enjoyment of teamwork
- + Reliability and willingness to perform

What you can expect from us

- + **Uncomplicated interaction** with each other and a wide range of opportunities to contribute your own ideas.
- + Your **chances of being hired are very good** once you've completed your training.
- + Our **more than 40 employed trainees** and integrated degree students will simplify the start to your career life and are always available to answer any questions you may have.
- + Our **company restaurant** serves up fresh, delicious lunches on a daily basis
- + In addition to your work, you also have the opportunity to experience **exciting trainee events** and projects.
- + Our **company fitness program**: for just €30 a month, you can have access to thousands of gyms, swimming pools, and more throughout Germany, including unrestricted digital access
- + The **ELA Corporate Benefits** portal gives you attractive discount offers from over 1,500 brands from all relevant areas of life.
- + We offer you fresh fruit and drinks every day
- + Fixed working hours in a single-shift system - predictable days, regulated processes

How You can apply

Information on the application process

- + If you apply for an apprenticeship or dual study programme with us, you will receive feedback from us by email in the month of your application, at the latest within four weeks. This will inform you whether we will invite you to an initial personal meeting.
- + This meeting usually takes the form of a one-to-one interview at our head office in Haren (Ems). You will also receive more detailed information about training at ELA.

It's so easy to apply

The best way to apply is to send your documents directly via our career portal at <https://career.ela-container.com/> or by email to career@ela-container.com. Please include your CV and the most important certificates and qualifications. We are also interested in what makes you special, why we are a good fit and how you became aware of us. A personal interview is the best way for us to get to know each other.

We look forward to hearing from you!
